

Searching for a mattress both you and your partner can love? The Superior Commercial has you covered. Orthopaedically constructed, centre zone supported, and ridiculously comfy, you'll both get the sleep you deserve.

DIMENSIONS

1070W x 2030L x 240H

MORE INFORMATION

Fully orthopaedic mattress

This mattress has been designed to support your joints, back, and overall body to keep it comfortable and supported. Even if you don't experience orthopaedic pain currently, it's never too early to start looking after your body!

Pick your bed size

This bed is available in your choice of size! Select your size above or check out all the dimensions below to help make your decision.

Center zone support system

The center of your mattress is where the most support is needed. Your hips and lower back need support, and your mattress needs the support to prevent sagging. That's why this design is fitted with extra center zone support to make sure you (and your mattress) stay supported all night long.

Double sided mattress

While one-sided mattresses are built from the bottom up, this mattress is built from the core outwards meaning you can flip your mattress to any side and experience the same level of comfort and support!

Full perimeter edge support

Edge support is what prevents sagging around the edge of your bed that is sometimes caused by sitting or sleeping on the edge of your bed. With full perimeter edge support you can sleep easy knowing your mattress will stay perfectly in shape for years to come.
