Tempered glass is a type of safety glass that is treated to make it five times stronger and more resilient than normal glass so you can rest assured that your family will be safe and sound around this design.

Round table top

Break up your room's rhythm with a round table top instead of the traditional rectangular or square shape. Round tabletops can add dimension and more flow to a room in an instant, and they can also occasionally fit and make more room in spaces that their more square counterparts cannot!
