MORE INFORMATION

Matching product range available

Looking to complement this design with another? We've planned ahead for you. We offer a matching product range under the same name - give it a search and start mixing and matching!

New Zealand pine timber

Of course our neighbours New Zealand supply the best quality pine on the market! New Zealand pine is natural, strong, and sustainable making it an ideal material for our designs. This pine accepts stains like a champ as you can tell from the gorgeous warm finish on this design.

Bold metal accents

This design really packs a punch with the addition of bold metal accents. This design feature not only adds strength and stability to the piece but it gives it that bold and contemporary look that we love.

Wire brush finish

Wire brushing creates a subtle but smooth texture to timber or metal while keeping it pleasant to the touch. This process both adds a stylish textured effect to your piece as well as increasing the durability and masking any small scuffings.

Get the trendy industrial look

Clean lines, metal meeting timber, bold silhouettes, and an overall 'cool' look typifies the industrial furniture trend. Popular in New York City lofts and that cool bar down the road, this trend is definitely here to stay.
