830W x 930D x 1060H

MORE INFORMATION

Back-up power source

The power transformer has a 9V battery slot that will provide back-up power, just in case there's a power outage at home, and you need to un-recline!

Handy pockets

With pockets fitted to this chair, you can have everything you need within an arms-reach!

High back seating

Sit back and relax with this design's high back seating, designed for extra support and comfort (the fact that it also looks elegant and sophisticated is just an added bonus!)

Lift yourself back to a standing position

This lift chair makes getting yourself back on your feet incredibly easy. At the push of a button this chair will safely lift you forward into a comfortable standing position.

Powered lift and recline function

This chair can not only recline all the way back into ultimate comfort, but will also lift up and forward, to make life just that little bit easier.

Remote controlled

Don't fiddle with sporadically placed buttons in unreachable positions, this chair keeps all control at your fingertips with the handy remote control. Change and adjust your seating positions at the push of a button with the handheld remote control.
