1300H x 2020W

MORE INFORMATION

Renewable hardwood timber

This design is crafted from high quality renewable hardwood timber so you can be assured that not only are you getting the highest quality furniture, you are also supporting climate-friendly renewable land use. Good on you!

Timber slats

Feel supported and comfortable all night long with this bed's inbuilt timber slats. Timber slats are flexible enough to allow for movement and adjustment while maintaining a firm support. In double or larger beds we add two separate sets of slats for either side. This allows for one side to adjust without affecting the whole bed, which means even if your partner is tossing and turning, you won't be!

Superior bed base support system

An unsupportive bed is like a watch that doesn't tell the time — it's not doing one of its most important jobs! This bed is built to provide you with unparalleled support all night long to help mitigate back and neck pain and give you an amazing night's sleep.

Matching product range available

Looking to complement this design with another? We've planned ahead for you. We offer a matching product range under the same name - give it a search and start mixing and matching!

Pick your bed size

This bed is available in your choice of size! Select your size above or check out all the dimensions below to help make your decision.
