Matching product range available

Looking to complement this design with another? We've planned ahead for you. We offer a matching product range under the same name - give it a search and start mixing and matching!

Wire brush finish

Wire brushing creates a subtle but smooth texture to timber or metal while keeping it pleasant to the touch. This process both adds a stylish textured effect to your piece as well as increasing the durability and masking any small scuffings.

Plantation grown acacia timber

Acacia timber has been used for millions of years due to its beautiful finish, strength, resistance to wear-and-tear, and ease to care for. Plus, by choosing a product with plantation grown timber, you are supporting sustainable plantation harvesting, a process that yields high quality timber without harming the earth - good on you!
