MORE INFORMATION

3 zone pocket spring system

Support your spine throughout the night with the innovative 3 zone pocket spring system that provides 3 areas of individualised support for where you need it most

Comes in a box!

Yep, you read that right! This mattress comes in a handy box. We compress and roll up this mattress tightly and slide it into a box to make transporting your new bed home easier than hitting the snooze button. When you get home just pull it out of the box, carefully cut the plastic off, and watch it unfurl and inflate into a full mattress! It's like magic. (Read the included installation instruction pamphlet for more details on how to set up your mattress)

Center zone support system

The center of your mattress is where the most support is needed. Your hips and lower back need support, and your mattress needs the support to prevent sagging. That's why this design is fitted with extra center zone support to make sure you (and your mattress) stay supported all night long.

Minimal partner disturbance

If your partner tossing and turning at night sometimes wakes you up, this mattress will be a dream come true for you. This design is purposefully crafted to ensure minimal partner disturbance, so that you can both enjoy uninterrupted Z's.
