1830W x 2030L x 260H

MORE INFORMATION

5 turn Bonnell spring unit

Bonnell springs are a classic spring unit used for many years in high quality mattress construction. These springs are made from hourglass-shaped 5 turn springs bound very closely together to create a whole lot of comfort. Bonnell springs are not only very comfortable, they're also very durable, very reliable, and very supportive. They're an all-round winner in our eyes!

Full perimeter edge support

Edge support is what prevents sagging around the edge of your bed that is sometimes caused by sitting or sleeping on the edge of your bed. With full perimeter edge support you can sleep easy knowing your mattress will stay perfectly in shape for years to come.

Center zone support system

The center of your mattress is where the most support is needed. Your hips and lower back need support, and your mattress needs the support to prevent sagging. That's why this design is fitted with extra center zone support to make sure you (and your mattress) stay supported all night long.

Comfort Foam Layer

Your body and sleep style is unique, that's why the comfort layer of foam works over time to contour to your exact frame and sleeping positions.

Pillow top design

Drift off to sleep in seconds with this design's plush pillow top that adds a significant degree of comfort and support to keep you comfy and cozy.
