MDF/metal construction

MDF stands for medium-density fibreboard which is a denser form of plywood but with a flatter, more stable, and silky-smooth feel to it. This paired with metal accents makes this design both beautiful and resilient.

Contemporary look

We scour Pinterest boards, Instagram feeds, and all the latest trends to find cutting edge contemporary looks and designs to supply to you and we believe this design captures all of the best bits of that research. This piece is modern and trendy, but timeless enough to suit your room for years to come.

Fully upholstered seating

This design is fitted with a fully upholstered seat back and base to give you that extra degree of comfort while you sit. It's just an added bonus that it happens to also look great.
