

It's a little coastal, a little modern, a little minimal,
and a whole lot of style jam-packed into one hall table.
The acacia timber Valentino is the whole package.

Synthetic-cement table tops

Who said cement is just for sidewalks? This beautiful tabletop is crafted from a specially-formulated synthetic cement to create a hard-wearing cement-look finish that is significantly more scratch-resistant than most cement products on the market today. So it's safe to say, this is one sturdy design.

Plantation grown acacia timber

Acacia timber has been used for millions of years due to its beautiful finish, strength, resistance to wear-and-tear, and ease to care for. Plus, by choosing a product with plantation grown timber, you are supporting sustainable plantation harvesting, a process that yields high quality timber without harming the earth - good on you!
